19/01818/OUT South Caldecotte Appeal

Please note that a planning appeal has now been lodged in response to the recent refusal at Development Control Committee.

All five Parishes

There are a number of documents, which are now available on the public access website, submitted by the applicant/appellant- please note these are numbered K1 to K11, the document K9 is not with us yet, but I'll update you when it's received.

The applicant has requested the appeal be decided through a Planning Inquiry and I have contacted PINS to state that MKC agree with this approach.

We do not have a formal start date and timetable, but it would be useful to know who would like to be involved in the appeal going forward- I will also contact Committee Members on this matter.

These documents and the appeal are in the public domain, so feel free to inform residents and other interested parties. We will undertake formal notification once we have the formal start date.

<https://www.miltonkeynes.co.uk/lifestyle/family/milton-keynes-mourns-legendary-woman-who-taught-thousands-local-children-swim-2551262>

Bus Services - At the moment because of the much-reduced patronage services are operating a temporary timetable with reduced frequencies and early finishes.

Service 17 to Woburn Sands and the Brickhill villages is terminating at Woburn Sands rather than continuing to Kingston. This means that Walton Rd through Wavendon village has no service although use has always been very low and there are options of using services from Newport Rd (301) or Wavendon Gate (8). Frequency remains every 2 hours, but there are timing changes. The way the service has been scheduled in the temporary timetable means that passengers can continue to Central Milton Keynes without a change of bus at Bletchley.

Service 301 to Woburn Sands is operating the Sunday frequency of every 90 minutes during the day with a finish early evening.

Stuart Simmonds - Public Transport Technical Lead

With Bow Brickhill

We have (27 April 2020) received an important appeal decision in relation to Rectory Farm, Bow Brickhill.

The Inspector has dismissed the appeal and has thus upheld the Council's initial decision to refuse planning permission. Satisfyingly, the Inspector upheld all the reasons for refusal put forward by the Council apart from that in respect of s106 contributions which had been overcome, to the Council's satisfaction by the submission of a Unilateral Undertaking during the appeal.

Importantly, in dismissing the appeal, the Inspector concluded that the Council was able to demonstrate a five-year supply of deliverable housing and thus determined the appeal in accordance with the policies of the Development Plan.

The Inspector concluded that the Council could demonstrate a housing supply of around 5.9 years; this is a robust position and will support the Council in decision making in the immediate future. A more detailed note on the five-year housing land supply implications of this decision is being prepared and will be circulated shortly.

The Inspector also found that the appeal proposal would conflict with policies DS1, DS2, DS5 of Plan:MK, in relation to the development strategy of the plan, whilst also conflicting with policies D1, D2 and D5 of Plan:MK and the New Residential Development Design Guide, SPD in relation to the impact on the character and appearance of the wider area and impact on the living conditions of both existing residents and potential future occupants of the proposed scheme. In particular, the Inspector agreed with the Council that:

1. Although the existing ex agricultural buildings and commercial building on the site were of no architectural merit, they were typical of the "quasi agricultural buildings" found on the edge of rural settlements and their demolition would not significantly improve the appearance of the area;
2. The area of open countryside in question is not particularly attractive or important in itself and abuts buildings outside the settlement as well. However, this does not diminish its importance to the wider rural character of the landscape in which the settlement sits;
3. The proposed development, as an area of development behind the main settlement and accessed from a long driveway from the main road, would be poorly related to the existing development;
4. Side to side and rear to rear distances are guidelines only and even where a proposal does not neatly fall into one of those relationships, the distances provided in the Residential Design Guide are applicable.

This is ultimately a very positive result for the Council and all concerned.

James Williamson - Senior Planning Officer (Development Plans)

COVID-19

A SILVER Incident Management Team (IMT) has been set up at **Milton Keynes Council** to respond to this incident. The IMT is made up of various Heads of Service and Managers and is being chaired by an Incident Director. Corporate Leadership Team (CLT) is operating as GOLD to provide strategic support.

The Local Resilience Forum (LRF) has established its command and control procedures to provide national updates, identify issues and to report back to government. The emergency planning unit is participating in these meetings.

MK 2050

MK 2050 Response to consultation Advice from Geoff Snelson at MK Council

We've taken the view that getting back to 'normal' will potentially be a very long time so we need to make alternative arrangements rather than just stop.

We've extended the deadline to 24th May to allow more time for responses and plan to take through for decision in the Autumn.

We're happy to support remote presentations and discussions. Will shortly post an on-line version of the presentation with spoken commentary and are happy to do bespoke Q&A around that. We've lined some up already.

So I'd advise the town and parish councils to develop a response for the new deadline and let us know if an online event would be helpful – or they might want to work from the online presentation.

Geoff Snelson

Just a reminder on the coordinated action

being led by MK Council.

Requests for help need to be made by phone

- ***Phone number is 01908 691691***
- *Basic details taken*

A senior MK Council Manager will lead a team co-ordinating MKC colleague and councillor volunteers.

Contact though the following email: special@milton-keynes.gov.uk

- ***MKC will partner with some of our Parish Councils and larger charities voluntary and community organisations. The 'make contact and offer support' organisations should email iss@milton-keynes.gov.uk***

Responses though Foodbank Xtra

Partnership between MK Foodbank and MKC to enhance the Foodbank MK service in anticipation of increased demand. In addition to the main referral route, home deliveries can

All five Parishes

be requested by the local support service. Contact though the following email:
special@milton-keynes.gov.uk

With Bow Brickhill

- *18/01372/FUL Rectory Farm. Appeal against the refusal for 28 houses. We have now received the Planning Inspector's decision following the Public Inquiry in February. Appeal decision received 27 April (see separate item)*
- *19/02141/FUL Land adjoining 1 London End Lane. Retrospective application for 1 dwelling. Report going to 7th May Development Control Committee with recommendation for refusal.*
- *20/00853/REM Land East of Tilbrook Farm, Station Road. Reserved Matters for 36 houses approved in Outline in 2017. Currently being consulted on.*

A bit more on Foodbank Xtra

In partnership with Foodbank MK, MK Council is setting up a larger temporary storage and distribution centre at Saxon Court in Central Milton Keynes. The Council will be using the knowledge and expertise of Foodbank MK as it works to create an enhanced service, which will run to the end of June.

- ***There will be a new way for people wanting help to be assessed. This will be done on the telephone from one of the Council's Children's Centres (and not through agencies as is usual). Food parcels will be delivered to Children's Centres for collection. If a family in need is self-isolating the council will try to deliver to the home.***
- ***Community Action: MK provides the strategic support and coordination of groups across Milton Keynes to enable them to provide safe and well organised support at neighbourhood level.***

All five Parishes

Local people who want to get involved should be directed to Community Action: MK, bearing in mind they might be more needed in the recovery phase. The contact email is info@communityactionmk.org

Special appeal for people who want to donate

- Started with £100K from Community Foundation and MK Council
- Full details at www.mkcommunityfoundation.co.uk

COVID-19 MK Emergency Appeal Fund - Special fund for community groups, charities and not for profits to relieve hardship caused by Covid-19. The fund can also support organisations with services to support the informal or formal effort to respond to local need

Food Bank Xtra

Milton Keynes Council and MK Food Bank have teamed up to offer more help to local people in crisis.

How to donate:

The latest Government rules state you should remain at home unless shopping for food, medicine or traveling for essential work. Please follow these rules when considering when and how to donate and follow national guidance on social distancing when donating your items. If you already have a social media group set up among your neighbours, with a rota for shopping, you may even want to pool ideas on how to donate.

You can donate at:

- *Supermarkets. Most supermarkets have an official Food Bank collection bin. These include ASDA, the Co-op, Morrisons, Sainsbury's, Tesco's and Waitrose.*
- *Saxon Court Food can also be dropped off at the main reception at Saxon Court, 502 Avebury Boulevard, Milton Keynes MK9 3HS between 10:00am and 4:00pm Monday to Friday. There is no need to call in advance. If you need to arrange a specific time to drop off donations, or would like to donate a large amount of food, please call 01908 322800.*

Food Bank Xtra is in need of:

- *Long life cartons: milk - whole or semi-skimmed, fruit juice.*
- *Tinned: spaghetti, custard, rice pudding, fruit, vegetables, baked beans, pulses, meat, fish, tomatoes, soup .*

- *Jars: spread (jam, peanut butter, marmite etc.) and pasta sauce.*
- *Packets: soup, noodles, dried pasta, pulses and rice (500g or smaller), biscuits.*
- *Breakfast cereal or porridge oats (500g packets or smaller).*
- *Tea bags.*
- *Sugar.*
- *Nappies, sanitary towels, baby formula, toilet rolls and soap.*
- *We can't accept anything fresh, so please do not donate these items.*

If you can't donate food but would still like to help, you can make a financial donation.

To Get Help:

Food Bank Xtra is specifically for people who receive benefits, free school meals for their children, who are in severe debt or crisis, are unemployed, homeless, or at risk of homelessness and other similar vulnerable situations.

• *Call Food Bank Xtra on 01908 565852 between 10am and 4pm Monday to Friday, to discuss your situation in confidence with experienced staff.*

• *Visit a Service Centre, where social distancing will be followed: ◦Melrose Centre, Bletchley – 9:00am – 11:00am (Mon-Fri)*

◦ *Milton Keynes Christian Centre, Oldbrook – 11:00am – 1:00pm (Mon-Fri)*

◦ *King's Community Centre, Wolverton – 1:00pm – 3:00pm (Mon-Fri)*

◦ *More centres will be added shortly*

You will need to bring ID to the Serving Centre for every family member. If someone is collecting on your behalf, they will need to bring your ID. You will also be required to provide evidence of eligibility.

Housing Numbers - The Council's housing requirement for the monitoring year 1 April 2019 to 31 March 2020 is 1,766 dwellings. So far to date this year there have been 2,090 (2,074 net) completions.

Housing starts and completions in Milton Keynes are monitored quarterly. The last quarterly housing survey (1 January 2020 to 31 March 2020) was undertaken in December 2019 and the results for the year as of 31 March are:

- **2090 completions (2076 net following demolitions)**
- **2603 starts**

All five Parishes

- 2279 under construction at 31 March 2020
- Housing stock in the borough at 31 March 2020 = 115,669
- Housing Stock in MK's urban areas at 31 March 2020 = 98,739
- Housing Stock in MK's rural areas 31 March 2020 = 16,930

Monitoring data up to 31 March 2020 can be viewed within the documents found under the "Documents" section of this page.

<https://www.milton-keynes.gov.uk/your-council-and-elections/statistics/housing-statistics>

THE STABLES - Land North and West of Wavendon Business Park, Ortensia Drive - 134 dwellings at land adjacent to The Stables

Report attached to this note from Elizabeth Verdegem (Team Leader – West Team Development Management - 01908 252462

elizabeth.verdegem@milton-keynes.gov.uk

This briefing note sets out the current position regarding the above site in respect of the outstanding pre-commencement condition for a deed of easement in respect of noise, and whether-or-not the applicant has commenced works at the site.

CIF Funding in Little Brickhill – Replace chairs in community centre. £2,260 (MKC Contribution £1695 and PC contribution £565) – Approved

20 MPH limits now in place in several parts of Woburn Sands (Theydon Avenue picture as an example)

The following Development Control Committee meeting, was cancelled:

All five Parishes

Meeting Cancelled: Reason - Covid 19 - 02/04/2020 : 19:00 - 21:00 at Council Chamber.

Please refer to the CMIS system at MKC for any further information.

Parish Halls & Playgrounds

The new legislation Health Protection ((Coronavirus, Restrictions) (England) Regulations 2020) requires ‘playgrounds, sports courts and outdoor gyms’ to close and ‘a person who is responsible for a community centre must ensure that, during the emergency period, the community centre is closed except where it is used to provide essential voluntary activities or urgent public support services (including the provision of food banks or other support for the homeless or vulnerable people, blood donation sessions or support in an emergency).’

Therefore, I would largely expect playgrounds and village halls to be closed.

Katrina Hulatt
Acting Head of Legal Services

Katrina.hulatt@milton-keynes.gov.uk

With Wavendon - Hayfield Development – Newport Road

The submission of a Non-Material Amendment application. For clarity the proposed changes are as follows:

- Improved tanker access to pump station.
- Improved/more landscaping within parking court.
- Increased screening of pump station.
- Improved gardens for plots 34 & 35.
- Better parking arrangement for plot 35.
- Improved pedestrian access from parking court to plots 36-39.

See attached Plan of revised layout

MK Council has suspended food and garden waste collections until the situation improves. Garden waste should be composted / stored and food waste put in the black sack. Don't burn any garden waste.

Bucks and MK fire has recently responded to a number of fires which had started in the garden.

MK Council support for business

- Businesses eligible for help with paying their rates will be rebilled over the next few weeks
- Certain businesses are entitled to a £10k or £25k grant to help during coronavirus
- We've started paying these grants and businesses can provide their bank details online to speed up payment

Check eligibility and register at:
www.milton-keynes.gov.uk/business-rates

Check your eligibility and register here: www.milton-keynes.gov.uk/business/business-rates/covid-19-grant-funding

Decked parking at Caldecotte

The decked parking solutions are incredibly expensive (ones we looked at for CMK were about £6M – it's ALMOST cheaper to buy a permanent MSCP) so I feel it is unlikely, with parking being free, that this would be a viable option. They would also still need planning permission as it would be significantly increasing the no of spaces which would be contrary to various sustainability policies, so I think PP would likely be refused. Also, the layout isn't ideal for these structures.

Large warehouse in Milton Keynes to become UK's major Covid-19 testing centre

All five Parishes

The National Biosample Centre, in an industrial area between Old Farm Park and Walton Park, has been converted into the country's biggest Covid-19 testing centre.

Scientists there are already receiving swabs from all over the UK and will be increasing capacity every day.

Soon it is hoped tens of thousands of tests will be processed there every week.

The biosample centre, based in a warehouse next to radiator company Pitacs Ltd, was opened by the National Institute for Health Research (NIHR) in 2015, at a cost of £24m.

It is the largest facility in the UK for storing and processing biological samples and has capacity to store more than 20 million samples at temperatures as low as -196C.

Work carried out by its team of experts includes research into finding treatments and cures for conditions such as dementia and diabetes.

But now much of centre's expertise and technology will be diverted to understanding Covid-19 and testing which people have the virus and how many people have antibodies to it.

Project update from Highways England web site, 12 March 2020

The Oxford-Cambridge Arc is already home to some of the most productive towns and cities in the country. The Government's ambition is for further growth within the Arc that will help make it a world class economic hub, and delivering the right infrastructure is vital to support this.

The Government has investigated the potential for a new high-quality link road between the M1 and M40 which could support this growth and examined the costs and benefits of a range of options, taking account of the views of local authorities and residents in the Arc.

We are now pausing further development of the scheme while we undertake further work on other potential road projects that could support the Government's ambition for the Oxford-Cambridge Arc, and benefit people who live and work there, including exploring opportunities to alleviate congestion around the Arc's major economic centres such as Milton Keynes.

All five Parishes

We will work with the Ministry of Housing, Communities and Local Government and local partners on the proposed Spatial Framework to identify the role transport can play alongside the proposed economic and housing growth ambitions for the Oxford-Cambridge Arc.

<https://www.veday75.org/get-involved/>

Many local councils were planning to get involved in national events and celebrations such as Great British Spring Clean and **VE Day 75**, these have been postponed. The national commemorations to mark VE Day 75 on 8 May are being scaled back and the government is working on new plans to ensure the nation can still thank the Second World War generation on VE Day in May and provide the fitting tribute they deserve. Local councils are instead being encouraged to support local digital solutions for celebrations. Once this immediate crisis abates, communities may also be encouraged to turn their attention to planning for VJ day on 15 August. The Great British Spring Clean has also decided to postpone its annual event and relaunch later in the year, with the postponed campaign hoping to take place between 11 and 27 September 2020. For these and other events, local councils should check the relevant event website for the latest information and updates.

CHANGES TO THE COUNCIL'S SENIOR MANAGEMENT STRUCTURE

Our current three directorate model plus small 'corporate core' was put in place four years ago. While this has helped teams share some closer practices and standards, we're yet to achieve our ambition for fully joined up thinking and working across the whole organisation. This can be frustrating for us, for councillors and for service users.

A new senior management structure is being developed that will help us operate more effectively as one council. The proposals are:

A new Deputy Chief Executive role will lead our critical support services, as well as a number of other business areas.

Instead of the current structure of three Corporate Directors and ten Service Directors, services will be led by nine Directors, who would all be regarded as 'chief officers' and full members of our Corporate Leadership Team (CLT). As you may be aware Duncan Sharkey has left the Council and we will not be replacing either his former role (Corporate Director – Place) or the role of Corporate Director – People.

The corporate core would be replaced with a new Chief Executive's Office, led by an Assistant Chief Executive (replacing the current role of Service Director – Policy, Insight and Communications), whose focus will be on improving organisational effectiveness and performance. Public Health will move into the Chief Executive's Office.

Subject to political agreement, the new structure could be in place by early March. The CEO (Michael Bracey) will share full details then, including a detailed breakdown of who will be leading on specific areas.

Corporate Leadership Team - March 2019

Chief Executive - Michael Bracey, Head of Paid Service
Director - Health and Social Care Integration - Jill Wilkinson
Director - Finance and Resources - Steve Richardson
Director - Law and Governance - Sharon Bridglalsingh

CIF Funding

Cost Guidance

The following examples may be used to estimate costs for proposed schemes. Please note that these are not definitive costs but are 'ball park' figures as an aid for estimation purposes. Actual costs will vary depending on local conditions and may increase due to additional requirements such as traffic management, underlying utilities and installation costs.

Play Areas: (The following includes some installation costs)

- Roundabout £5,000
- See-Saw £3,000
- Spring Animal £2,000
- Small Play Module (< 8 years) £8,000
- Large Play Module (older children) £12,000 plus
- New Bench Installation up to £1,200 (Depending on design of bench and base required)

Landscaping

Landscaping schemes are delivered by our service partner, Serco. Enquiries should be made via the Serco Services for Parishes web page. <https://www.milton-keynes.gov.uk/your-council-and-elections/councillors-and-committees/parish-and-town-councils/information-for-parish-and-town-councils/serco-services-for-parishes>

If a parish is devolved they can self-serve.

This could include

- Pond enhancement (min costs in £1,000s)
- Removal and replacing whole beds/shrubs
- Seating area /paving works (will be in order of £1,000's depends on scope of works)

Gateway Features

- 'Welcome To' signage £4,000 (based on 2 signs. This also includes installation).
- Village Gateway up to £10,000 (depending on design and cost of gateway sign selected).

Traffic Calming

- Speed Cushions from £35,000 (Based on 4 speed humps, includes minor footway improvements and street lighting works also includes Traffic Regulation Order notices)

All five Parishes

- Build-Outs / Pinch Points from £25,000 (includes two priority narrowing features at the entrance point into the village, cost for sign illumination, lighting column relocation, installation of traffic island associated road closure with Traffic

Management)

- Vehicle Activated Signs £5,000 (includes installation and a maintenance agreement)

You can see the whole “scene” on urban and village roads is changing during lockdown. As we look beyond that to how we can ensure social-distancing when restrictions are eased, we thought it useful to distribute our update on actions being taken by local authorities and governments to re-allocate space and lower speeds in communities to both reduce the spread of Covid-19 and also cope with the consequential load on the NHS. We trust that its of interest in considering “next step” decisions in your authority

http://www.20splenty.org/cv-19_space_reallocation

We all need more space – 2m for safe social distancing during Covid-19. Leading cities are delivering more room for access on feet and slower speeds for public health, fewer casualties, to help us breathe, exercise and mitigate car use. If people avoid public transport in our cities then, unless walking or cycling is chosen instead of driving, urban areas may become polluted traffic jams as travel bans lift. 20mph limits are valuable, key tools for accessibility, lung health and economic recovery.

Milan in Northern Italy’s plan includes significant 20mph limits and active travel measures. Space will be reallocated. The aim is less air pollution by mitigating potential rises in car use and to give space for people moving on foot and by bicycle. Traffic reduction is an urgent public health and economic issue, as cars take up excessive public space and there is no desire to return to the highly polluted pre-lockdown air quality, as toxic air quality links to Covid-19 fatality rates. 22 miles of central streets will go 20mph; coupled with experimental traffic measures to protect cyclists and walkers. The plan has temporary cycle lanes, new and widened pavements. Milan is a compact city of 1.4 million people where 55% commuted by public transport before Covid-19. With average trips of under 2.5 miles, a switch to active travel modes is achievable. Pre-lockdown public transport use levels clearly affect the urgency of car use mitigation strategies.

United Kingdom. Doctors and campaigners are calling on Government and Councils for an emergency national urban 20mph limit, filtering residential rat runs, creating emergency low traffic neighbourhoods, suspending on-street parking on major routes, installing

All five Parishes

emergency wide protected cycle lanes or car one-way systems. Where there are four lanes of motor traffic, one each way can easily be reallocated to active travel. Remaining car lanes, with fewer drivers choosing to drive, can still move quickly and efficiently. Temporary guidance from the UK's Department for Transport on 16 April offered some support to Councils to close roads more easily for social distancing. Brighton shut 2 miles of seafront to motors for space to walk and cycle on 19 April. Hammersmith & Fulham are widening shopping area pavements. The Metropolitan Police are prioritising enforcement of speeding including 20mph limits in a bid to reduce speed related casualties

Brussels, Belgium will shift to predominantly 30km/h limits by Jan 2021. The central core will go 20km/h (12mph) from 1 May. Boulder Colorado USA plans to go 20mph for most roads.

Vienna, Austria has closed 20+ streets to motorised traffic. Oakland California has created quiet streets for recreation. It will close 47+ miles of roads to motors. The New Zealand Government will fund 90% of the costs of 'pop-up' Covid transport solutions. Berlin is studying temporary closure of 30 streets. 20mph limits and more space for people get about locally are needed now. They are popular, smart moves for all politicians.
