<p><b>5.3 - (item 8.8 of minutes 26/06/23) – Pavement on Great Brickhill Lane from the flats to the entrance of Wyness Avenue</b> requires a safety check / repair by MKCC. <u>Clerk has reported this again to MKCC on the 28 February 2025 under reference number FS691615500.</u></p> <p><b>The following response was received from MKCC on the 25 March 2025.</b></p> <ul style="list-style-type: none"> <li>Thanks for letting us know about an issue on the highway. It was noted that the Parish Council Chair had email the Clerk for the Charity on the 2 December 2024 to request for a meeting of trustees to be held as quickly as possible.</p> <p>Parish Clerk has contacted the Clerk for the Charity again requesting confirmation that a date for a meeting of the trustees had been arranged and received a reply stating that the Charity was waiting for the Chair to convene a meeting. <u>No change.</u></p> <p><b>5.7 – (item 14.4 of minutes 02/12/24) – Village organisations</b> – It was felt that as we have several groups in the village that we should understand and publicise when each group meet, and the objectives are.</p> <ul style="list-style-type: none"> <li><u>Parish Council</u></li> <li><u>Community Centre Committee</u></li> <li><u>Residents Association</u></li> <li><u>Allotments?</u></li> <li><u>Church</u></li> <li><u>Friendship Group</u></li> <li><u>Open Gardens (every two years)</u></li> <li><u>Others?</u></li> </ul> <p><u>Further work to complete this task is required by the Clerk. ## 10. To discuss any Highway issues: 3551

**10.1** - Clerk confirmed that he notified MKCC of our priorities on the 21 March 2025 and received confirmation from them on the 2 April 2025 that they have a new starter starting within the next couple of weeks who will be leading this project and will get in touch with you soon about your list.

- **New LADS sign - PRIORITY 1** - Proposed change: signage to state, 'Access to village centre and Great Brickhill only STRAIGHT ON' and 'Woburn, Milton Keynes and all other routes TURN RIGHT.'
- **Visibility issue as you exit Great Brickhill Lane onto Watling Street - PRIORITY 1** - With parked cars on Watling Street, it does provide limited visibility when motorists look to their left. Possible waiting restrictions (DYL's) would help improve visibility, but there would be a high number of objections to this from residents. There is no history of collisions at this junction. Installation of safety railings on the footpath in front of Chew Cottages and Wisteria House to discourage this practice. Looks like there are services in the footway, which might be an issue. I will look into this prior to making a decision on what is the best course of action.
- **Install new SID on Gt Brickhill Lane - PRIORITY 2** - It was agreed that a new SID as vehicles enter the village from Gt Brickhill Lane would be of benefit.
- **Speeding issue as vehicles exit the village - PRIORITY 2** - MKCC to look at relocating the existing national speed limit sign, which might deter speeding. MKCC also advised the PC to reduce the trigger speeds for both existing SID's.
- **Improve existing gateway feature as you enter the village from the A5 northbound PRIORITY 3** - new signs potentially depending on budget availability. No red coloured surfacing will be installed due to the cost and ongoing maintenance cost to the Council.
- **Informal crossing point opposite playground - PRIORITY 3** - MKCC explained that it was not possible to upgrade this to a zebra, due to the significant cost and how the numbers crossing would not meet the requirement for a zebra. Additional warning signs have already been put in place advising motorists of the crossing point.
- **New gateway feature and speed count - PRIORITY 4** - At the meeting, a new gateway feature similar to the one shown below in Sherington was mentioned as an option. MKCC will also arrange for a speed count on Gt Brickhill Lane in the new year to get an idea of current speeds.

**10.2 - November 2023 Incident at the A5 slip road** – National Highways have provided MKCC with an initial design showing proposed improvements to the junction and MKCC have provided feedback on this option. It was noted that there are still instances of vehicles entering the A5 the wrong way.

Update received from MKCC (Highways Team) that they did receive an email last month (March 2025) asking for information about their assets from the consultant working on behalf of National Highways. I would assume they are committed to carrying out some work this financial year but have yet to receive confirmation on dates yet.

**10.3 - Damaged / Missing Road Sign as you exit the A5 to Woburn and Little Brickhill / Great Brickhill.**

MKCC have now confirmed that it is the responsibility of Highways England to replace these signs and will consult with them to make sure that the job is completed when the exit junction safety repairs are undertaken. No change.

<p><b>10.4 – (item 16.2 of minutes 06/03/23) - Great Brickhill Lane Pot Holes - Bucks CC</b> have confirmed the road is inspected on a regular basis. Cllr D Hopkins has reported this problem to Bucks CC again, but the same response has been received that it does not still meet the criteria yet.</p> <p><u>It was noted that Ward Cllr D Hopkins has received the following response from the Leader of Bucks CC on the 2 March 2025.</u></p> <ul style="list-style-type: none"> <li><u>Yes, happy to forward this to our Head of Highways and ask the Local Area Technician to inspect and arrange a repair.</u></li> <li><u>The recent very wet and cold weather has yet again this year done enormous damage to our more rural roads. We are making safe where necessary with more permanent repairs planned for when the weather improves sufficiently.</u></li> </ul> <p><u>Ongoing.</u></p> <p><b>10.5 – Speed Indicator Devices</b> – Clerk confirmed that Swarco have confirmed that the 2 SID's would have their annual service on Friday the 7 February 2025 and that he has asked that they are set to operate at 26 MPH.</p> <p><u>It was noted that the change of activation speed was completed however there are some concerns that the sign does not activate in the dark and that the Clerk is in contact with SWARCO on this issue.</u></p>	
<p><b>11 – To discuss the Future of Roundacre Field: 3552</b></p> <p>It was noted that Cllr K Morgan suggestion for consideration of building affordable houses for residents on Roundacre Field at the Parish Council meeting on the 3 February 2025.</p> <p><b>The following advice has been obtained from a planning consultant.</b></p> <ul style="list-style-type: none"> <li>Please find attached our initial site investigation for Little Brickhill and my initial thoughts below.</li> <li>As you are aware, the main issue with the development of the site would be to justify this as a rural exception site, for which a housing need survey would be required. However, in addition to this, the site is currently designated in Plan:MK as Amenity Open Space where policies L2 and L3 apply. On the Land Registry details you provided, the site is described as 'Roundacre, Children's Playground.' Historic Google imagery shows that there was previously play equipment on the site, but this disappeared somewhere between 2007 and 2017. There is another play park in the village on Watling Street which seemingly replaced it.</li> <li>The site is assessed as a play area in the 2018 Open Space Assessment but not in the 2023 version produced as part of the Evidence Base for the New City Local Plan. The map published with the Reg 18 NCLP does not show Amenity Open Space designations although there is an emerging policy - CEA8 Provision and Protection of Accessible Open Space.</li> <li>Therefore, as well as the need to meet the Policy HN10 (rural exception) requirements, the potential loss of the site as amenity/public open space will be a key consideration. Other considerations would be heritage as the site is in the conservation area, highways as the site access is just within the derestriction zone where the road then bends and impact on trees and ecology.</li> <li>It is not a straightforward site for development and would require justification (rural exception/housing needs support as well as requirement to show the play space was no longer required) as well as support from the Parish Council to ensure that any planning application would succeed.</li> </ul>	

<ul style="list-style-type: none"><li>• If you did want to take this forward, the next step would be a pre-app with MKCC.</li><li>• I hope that helps but happy to talk through on the phone if that would be easier.</li></ul> <p>It was agreed that we need to undertake more research (housing needs survey) on this as it was felt that villages would prefer the field to stay as open space for residents to use and improvements made as per the application for lottery funding that was not successful last year. <u>Clerk to investigate how much a Housing need Survey will cost.</u></p> <p>Have any other Councils undertaken any similar housing schemes that we could seek advice and guidance from?</p> <p>Concerns were raised on how the dwellings could be retained for locals from a legal point of view.</p> <p>What happens if the Levante Gate development ever does get planning approval? This would provide enough affordable housing to the village.</p> <p><u>It was noted that this will be discussed at all future Parish Council meetings until a decision is made.</u></p>	Clerk
